Now ready,
IN TWO VOLUMES,
CLOTH, EXTRA GILT, PRICE 3s. EACH,

STANDARD SONGS:
A collection of popular melodies in the
TONIC SOL-FA NOTATION.

There has long been a want among Tonic Sol-fa singers of a collection of songs for one voice, and this work is intended to supply it. The lover of melody may carry these volumes with him, "through sunny lanes and wringing mast," may wile away a journey or soothe his solitude by the help of them. Flute, cornet, and concertina players may use them, and the pupils of evening class, who should exercise their voices much, may profitably sing from them in their leisure moments.

Vol. I contains Two Hundred and Sixty-two Songs.
Vol. II contains Two Hundred & Forty-three Songs.

The work may also be had in twelve parts, Sixpence each.

Full list of contents, and specimen page on application.
