Preface

The appreciation of Bach as a tremendous force in the progress of Music has been growing steadily during the last fifty years. The performance of his incomparable works, whose influence flows in an ever widening channel through the whole domain of musical education, has clearly demonstrated that the practical study of Bach is the gateway to the mastery of technique. It has accomplished still more; for out of the knowledge of Bach has grown the love of Bach, and the love of Bach has helped materially in creating that taste for good music which is so striking a feature of the present and so hopeful a sign for the future.

Bach wrote a large number of charming little pieces which provide elementary teaching material of priceless value. Short, melodious and rhythmical, they are played with keen delight by young pupils in the early years of their instruction and serve as a natural stepping-stone to the vast store of intermediate and advanced compositions of the same writer.

The present selection is compiled with the object of placing within reach of the teacher a series of very easy pieces in convenient form. All the movements contain features of real educational worth which will repay special attention and care. Each number should pass through three stages of preparation:— (a) Accuracy of notes, time and fingering. (b) Closer attention to phrasing, expression and speed. (c) Performance from memory. Whether they be used as Studies or as Pieces is immaterial as they combine the technical value of the one with the grace and charm of the other. Any pupil capable of playing a very easy Sonatina may commence the regular study of Bach and thus early learn to love, in simple form, those elements of truth, sincerity and refinement which are revealed in every bar of his music; elements at once the source of his greatness and the measure of his power.

With the exception of Nos. 6, 7, 8, 11, 12 & 14, all the pieces are from the Clavier Book of Anna Magdalena Bach, the composer's second wife. Some of them were left unsigned, a circumstance which, for a time, caused their authenticity to be questioned. The absence of the signature from works which were undoubtedly genuine was, however, such a common occurrence that this fact alone was not long permitted to stand as evidence of doubt, and the pieces are now accepted as authentic specimens of the master's art.

WALTER CARROLL
Minuet

A study in accent and in the correct timing of half beats

Allegretto $d'z 66$

J. S. BACH

1.

(At the close of this movement the previous Minuet may be repeated.)

Published by arrangement with Forsyth Brothers Ltd., London
Minuet

A study in the arpeggio of the Common Chord. (close position)

J. S. BACH

Animato $d'_{-}69$
Polonaise

A study in phrasing and in the correct timing of quarter beats

Moderato \( j = 100 \)

J. S. BACH

At the close of this movement Minuet No. 3 may be repeated

March

A study in syncopation and in keeping a steady beat throughout

Marcato \( j = 100 \)

J. S. BACH
Minuet

A study in legato playing with careful balance of tone

J. S. BACH

Minuet

A study in contrasting the effect of the major mode (No. 7) with that of the minor (No. 6)

Allegretto $d_\text{maj} = 66$

J. S. BACH

(Nos. 6, 7, 8, after being studied separately, may be grouped together for performance)
Minuet
A study in tone-values, the lower part to be slightly more prominent than the upper. (Compare with No 6)

J. S. BACH

Andante $d = 130$

March
A study in staccato touch, repeated notes and observance of rests

Giocoso $d = 80$

J. S. BACH
Minuet

A study in phrasing, legato touch and balance of tone

Andante e semplice \( \text{\textit{d}} = 108 \)

J. S. BACH

10.

Musette

A study in sustained notes and quality of tone

Andante pastorale \( \text{\textit{d}} = 108 \)

J. S. BACH

11.
Bourrée
A study in contrasts of touch and independence of each hand
Vivace \( \frac{3}{4} = 108 \)

J. S. BACH

Musette
A study in broken octaves and in neat phrasing
Allegro con brio \( \frac{3}{4} = 112 \)

J. S. BACH
Gavotte

A study in phrasing, gradation of tone and cantabile playing

Allegretto \( \frac{d}{3} = 72 \)

J. S. BACH
Minuet

A study in expression, phrasing and beauty of tone

Larghetto e sostenuto $\nu = 96$

J. S. BACH
March

A study in the accurate timing of triplets and in steadiness of rhythm

Allegro moderato \( \text{\textit{d}} = 69 \)

J. S. BACH

By the same compiler and publishers: First Lessons in Bach Book II. Specially arranged to follow Book I and to form a link between that work and the Two Part Inventions.
