*Molto sostenuto e lento*

You take that road, And I take this road, A -

cross Life's plain: But which - ev - er road we go _Curves_
mollo marcato

inward like a bow And we meet, we meet again.

pppp

You sing this song And I sing this song Of love or

pppp

pain. But whatever song we sing Rounds to a perfect ring In the

pppp

same sweet refrain. You love that way, And

pppp
I love this way For loss or gain, But our
loves, or weak or strong Through the ages all along In God's Heart
have lain!

poco a poco dimin.
